

Sprinkler Pipe Distribution-cum-Training program for the SC farmers was organized under SCSP component by AICRP on Irrigation Water Management, Soil & Water Conservation Engg., CAET, JAU, Junagadh on 31.07.2020.

=====

Sprinkler Pipe Distribution-cum-Training program for the SC farmers was organized under SCSP component by AICRP on Irrigation Water Management, Soil & Water Conservation Engg., CAET, JAU, Junagadh on 31.07.2020 for five selected progressive farmers of Dungari village of Vanthali taluka of Junagadh district.

At the first outset, Dr. H D Rank, Head of the Department welcomed the dignitaries, faculties, staff and progressive farmers.

The program was inaugurated and chaired by Dr. V P Chovatia saheb, Hon. Vice Chancellor, JAU, Junagadh. He guided and motivated farmers to adopt various water saving technologies for the agriculture. He also emphasize the importance of water conservation and its judicious utilization for the present era and future. He also worried that the next word war may be fought for the water.

Dr. N K Gontia, Dean, Principal and Dean, CAET guided the farmers in context to new emerging technologies in the irrigation sector.

Dr. P M Chauhan, Registrar, JAU, Junagadh, Dr. G R Gohil, Associate Extension Educationalist have also graced the function and guided the farmers for the efficient utilization of the precious water.

The pipe distribution was made by the dignitaries to total five SC farmers. Each farmer was given away total 30 sprinkler pipes of 20 feet long(total 600 feet). Thus total 150 pipes(Total 3000 feet) were given to SC farmers of Dungari village of Vanthali Taluka of Junagadh district.

At the lend of the inaugural function, the vote of thanks was made by Prof. P B Vekariya, Assistant Professor, AICRP-IWM, SWE, CAET, JAU, Junagadh.

The technical session was also organized after the inaugural function was over.

The technical guidance on the use of mulching, scopes, benefits and various activities under SCSP components under AICRPs were delivered by Dr. R M Satasiya, Research Engineer, AICRP-PERT.

The experts lecture on water conservation, various methods and its judicious utilization were delivered by Dr. H D Rank, Head of Department, SWE, CAET, JAU, Junagadh.

The operation, maintenance, precautions and storage for the adoption of sprinkler irrigation were well explained to all farmers by Prof. P B Vekariya, Assistant Professor, AICRP-IWM, SWE, CAET, JAU, Junagadh.
